CALL FOR ABSTRACT

We encourage the Participants to select their preferred presentation format for the EAHIL Workshop 2025. The available options include CEC workshops, interactive workshops, oral presentations, and 3-minute presentations. You may select one, more than one or all formats depending on what suits you best.

What topic to choose? It's up to you.

We do not set specific themes or issues for the presentations. However, each topic must include three keywords selected from the list below:

I n f o r m M a n a g e A I G r o w I n t e g r a t e N e t w o r k E x p l o r e

(the first letters of keywords form the motto EAHIL 2025 Workshop - IMAGINE)

The main keyword will define the core of your presentation, while the other two will provide further context.

For example, if your topic is 'How can AI be used in a medical library?', you would select AI as the main keyword and two additional such as Inform and Manage, to further clarify your content.

Please choose the proposed mode of conducting classes:

- Continuing Education Course (CEC)
- Interactive Workshop
- Oral presentation
- 3-minute oral presentation
